

Mission Receipt

Post, prove, and submit within one week

Post this receipt in Discord and capture a screenshot of the post. Add the PDF as **FINAL_MISSION_RECEIPT.pdf** and the screenshot to an accessible Git repository, then submit that repository link to the Mission Receipt assignment in Canvas. The receipt controls the requirements and available points for your selected final-project extension.

Grading contract

- Locked core gates cannot be removed. Missing one earns 0 for the pathway.
- A missed starred commitment earns 0 for that item and subtracts another 50 points.
